

## **Oasis Academy Sholing - Pupil premium strategy statement**

This statement details our school's use of Pupil premium and recovery premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our Pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of Pupil premium had within our school.

#### **School overview**

| Detail   | Data                  |
|--|-----------------------|
| School name  | Oasis Academy Sholing |
| Number of pupils in school   | 1032                  |
| Proportion (%) of Pupil premium eligible pupils  | 33%                   |
| Academic year that our current Pupil premium strategy plan covers (3 year plans are recommended) | 2021 -2024            |
| Date this statement was published  | October 2023          |
| Date on which it will be reviewed  | October 2024          |
| Statement authorised by  | Martin Brown          |
| Pupil premium lead   | Suzanne Ashley        |
| Governor / Trustee lead  | Joanna Lawton         |

### **Funding overview**

| Detail  | Amount      |
|---|-------------|
| Pupil premium funding allocation this academic year   | £360,180    |
| Recovery premium funding allocation this academic year  | £93,564 TBC |
| Pupil premium funding carried forward from previous years (enter £0 if not applicable)  | £O          |
| Total budget for this academic year   | £453,744    |
| If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year |             |

# Part A: Pupil premium strategy plan

#### **Statement of intent**

Pupil premium is funding to improve education outcomes for disadvantaged students in schools in England. Evidence shows that disadvantaged children generally face additional challenges in reaching their potential at school and often do not perform as well as other learners. All young people, whatever their background or circumstances, deserve the same chance to reach their full potential. As Oasis Academy Sholing we have a passion to include everyone and a deep sense of hope that things can change and be transformed. We want to create a culture of excellence for all, seeking to give advantage to the disadvantaged through 5 strands:

- Teaching and learning
- Targeted support
- Attendance at school
- Building cultural capital
- Supporting well being

All members of staff have a responsibility for disadvantaged pupils and are committed to meeting their pastoral, social and academic needs within a caring and nurturing environment. We want each child to develop a lifelong love for learning and acquire skills and abilities to fulfil their potential.

#### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge<br>number | Detail of challenge  |
|---------------------|--|
| 1                   | Lower literacy levels- All year groups show a significant gap in the expected reading age of Pupil premium and non-Pupil premium students. |
| 2                   | Attendance and persistent absenteeism are below national average for Pupil premium students  |
| 3                   | Low aspiration, self-esteem and lack of resilience, including emotional resilience for terminal exam.                                      |
| 4                   | Material poverty in terms of resources for learning, space to work at home.  |
| 5                   | Lack of cultural capital and low aspirations for future destinations   |

### Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome  | Success criteria   |
|---|--|
| Improved progress and attainment for Pupil premium students                     | By the end of the plan Pupil premium students make expected progress.  |
| Improved literacy levels so students can access the whole curriculum            | 90% of KS3 read at, or above, chronological reading age  |
| Improved attendance   | Improve overall attendance among pupils<br>eligible for Pupil premium so that it is in line<br>with their non-Pupil premium peers. |
| Students to have clear aspirations for the future and appropriate post-16 plans | 100% of Pupil premium students either continue to full time education, apprenticeship or employment.                               |

## Activity in this academic year

This details how we intend to spend our Pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

#### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 70,000

| Activity  | Evidence that supports this approach   | Challenge<br>number(s)<br>addressed |
|---|--|-------------------------------------|
| Improve progress and<br>attainment through<br>quality first teaching<br><u>Chosen approaches:</u>                           | Good teaching is the most important lever schools<br>have to improve outcomes for disadvantaged<br>pupils <i>The EEF guide to the Pupil premium page 5</i><br>Focus on high quality teaching first rather than | 2 and 3                             |
| Teaching and learning is<br>underpinned by<br>Rosenshine's principles of<br>instruction and                                 | bolt-on strategies Supporting the attainment of disadvantaged pupils page 10 DFE, 2015<br>Technology has the potential to increase the quality   |                                     |
| Willingham's memory<br>model.   | and quantity of practice that pupils undertake, both inside and outside of the classroom. Using  |                                     |
| Curriculum design to<br>embed knowledge, to<br>interleave content, and to<br>reduce cognitive overload.                     | technology to support retrieval practice and self-<br>quizzing can increase retention of key ideas and<br>knowledgeUsing digital technology to improve<br>learning EEF 2019                                    |                                     |
| Use of technology in<br>lessons by students and<br>staff: OCL Horizons project<br>all students and teachers<br>have an iPad | Quality feedback gives very high impact for very low<br>cost – +6 months EEF toolkit   |                                     |
| Put systems and training in place to  | Where possible, schools should strongly consider using instructional coaching for professional   | 1,3 and 5                           |
| ensure staff are  | development. Indeed, it would be hard to justify the   |                                     |
| readily able to   | use of alternative approaches in the face of the existing evidence- <i>Four reasons instructional</i>  |                                     |
| identify and support  | coaching is currently the best-evidenced form of CPD   |                                     |
| disadvantaged<br>students   | Sam Sims et al 2019  |                                     |
| <u>Chosen approaches:</u><br>Coaching as a tool for   | While up-front training is important in developing a conceptual understanding of a new approach, crucially, training alone is unlikely to be sufficient to yield changes in practice. Often, it is only when   |                                     |

|   |   | Leu |
|---|---|-----|
| improvement via Powerful  | follow-on support is added to training in the form  |     |

| and at a departmental   |   |     |
| level   |   |     |
|   |   |     |

# Targeted academic support (for example, tutoring, one-to-one support structured interventions)

#### Budgeted cost: £270,000

| Activity  | Evidence that supports this approach   | Challenge number(s)<br>addressed |
|---|--|----------------------------------|
| Targeted literacy<br>support @ KS3<br>Chosen approaches:    | A trial found Key Stage 3 pupils using<br>accelerated reader made 3 months'<br>additional progress in reading compared<br>to other similar pupils. <i>EEF 2019</i> | 1 and 3                          |
| Testing, analysis and<br>intervention including<br>phonics  | Evidence from the EEF toolkit shows<br>that using phonics has high impact for a  |                                  |
| Whole school literacy<br>programme across the<br>curriculum | very low cost (+ 5 months) and<br>teaching reading comprehension<br>strategies (+6 months)   |                                  |
| Use of Reading Plus   | The conditions of lockdowns during 2020-2022 have meant that some  |                                  |
| Literacy intervention teacher                               | children have faced greater barriers to reading. Some children and young   |                                  |
| English one to one tutor                                    | people reported that a lack of access to books (with schools and libraries   |                                  |
| Promotion of reading for pleasure via new library           | closed), a lack of quiet space at home<br>and a lack of school/peer support had<br>negatively affected their ability to read                                       |                                  |

| and their motivation to read for   |  |
|--|--|
| enjoyment. <i>Children and young people</i><br><i>in 2020 before and during the COVID-19</i><br><i>lockdown 2020 National Literacy Trust</i><br><i>2020</i>  |  |
| There is a strong evidence base showing<br>the impact that high quality<br>interventions can have on the<br>outcomes of struggling students. <i>EEF</i><br><i>Pupil premium guide page 8</i>   | 1 and 3  |
| Evidence indicates that one to one<br>tuition can be effective, delivering<br>approximately five additional months'<br>progress on average. (EEF 2020) and<br>small group tuition an additional 4<br>months  |  |
| Disadvantaged pupils are less likely to<br>benefit from having a space to conduct<br>home learning. Evidence also suggests<br>that disadvantaged pupils make less<br>academic progress, and sometimes<br>attainment levels even regress during<br>the summer holidays, due to the level<br>of formal and informal learning<br>activities they do or do not participate<br>in. <i>EEF parental engagement 2021</i>  |  |
| Some evidence suggests that some<br>pupils from disadvantaged backgrounds<br>show low engagement with or have low<br>expectations of schooling. Mentoring<br>interventions may be more beneficial<br>for these pupils, as the development of<br>trusting relationships with an adult or<br>older peer can provide a different<br>source of support. <i>EEF 2021</i><br>There is strong evidence (from the<br>OECD) among others) that the provision<br>of high quality, independent and<br>impartial career guidance for young<br>people (and adults) is key to supporting | 1, 3 and 5   |
|  | <ul> <li>in 2020 before and during the COVID-19<br/>lockdown 2020 National Literacy Trust<br/>2020</li> <li>There is a strong evidence base showing<br/>the impact that high quality<br/>interventions can have on the<br/>outcomes of struggling students. <i>EEF</i><br/><i>Pupil premium guide page 8</i></li> <li>Evidence indicates that one to one<br/>tuition can be effective, delivering<br/>approximately five additional months'<br/>progress on average. ## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £110,000

| Activity   | Evidence that supports this approach   | Challenge number(s)<br>addressed |
|--|--|----------------------------------|
| Embed Attendance<br>strategy at all levels of<br>the Academy: training,<br>staffing and rewards  | The Department for Education (DfE)<br>published research in 2016 which found<br>that:<br>The higher the overall absence  | 2                                |
| <u>Chosen approaches:</u><br>Increase capacity in<br>attendance office – employ<br>Pupil premium Attendance<br>officer and family liaison<br>officer | rate across Key Stage (KS) 2 and KS4, the<br>lower the likely level of attainment at the<br>end of KS2 and KS4. Pupils with no<br>absence are 2.2 times more likely to<br>achieve 5 or more good GCSE grades<br>including English and mathematics than<br>pupils that missed 15-20% of KS4 lesson. |                                  |
| Use of new attendance<br>tracker to identify Pupil<br>premium persistent<br>absentees for intervention<br>sessions with attendance<br>officer        |  |                                  |
| First response priority for<br>Pupil premium students<br>when absent   |  |                                  |
| Review and revamp rewards<br>system  |  |                                  |
| Building cultural capital<br><u>Chosen approaches:</u><br>Full cultural capital<br>programme across the<br>curriculum:<br>tutor time                 | "Students from disadvantaged<br>backgrounds do not get the same life<br>chances to build skill levels as their<br>more fortunate peers" John Dunford,<br>National Pupil premium champion<br>2013-2015  | 3 and 5                          |
| assembly<br>trips<br>extra-curricular activities   | Department for Education research<br>suggests that, by the age of seven, the<br>gap in the vocabulary known by children<br>in the top and bottom quartiles is<br>something like 4,000 words The best use<br>of Pupil premium funding, therefore, is  |                                  |

|   | to help disadvantaged pupils to build<br>their cultural capital Pupil premium<br><i>Closing the vocabulary gap Matt</i><br><i>Bromley 2018</i>   |   |
|---|--|---|
| Eradicating potential<br>financial barriers:<br>Financial support for uniform.<br>equipment, study materials,<br>trips and extra curricular<br>activities | Children from the lowest income homes<br>are half as likely to get five good GCSEs<br>and go on to higher education as the<br>national average and White working<br>class pupils (particularly boys) are<br>among our lowest performers. What's<br>more, the link between poverty and<br>attainment is multi-racial – no matter<br>the ethnic background, pupils eligible<br>for free school meals underperform<br>compared to those who are not. Pupil<br>premium <i>Closing the vocabulary gap</i><br><i>Matt Bromley 2018</i> | 4 |
| Supporting well being<br>Increase the Student Services<br>Team - employ an additional<br>mental health officer  | Schools have an important role to play<br>in supporting the mental health and<br>wellbeing of their pupils, by developing<br>approaches tailored to the particular<br>needs of their pupils. <i>DfE mental health</i><br><i>and behaviour in schools 2018</i>  | 3 |

# Total budgeted cost: £ 450,000

# Part B: Review of outcomes in the previous academic year

## Pupil premium strategy outcomes

This details the impact that our Pupil premium activity had on pupils in the 2022 to 2023 academic year.

| Aim  | Outcome   |
|--|---|
| Progress 8                                     | Progress gap between PP and NPP has reduced over the last 2 years.  |
| Percentage of Grade 4+ in<br>English and maths | 32% Pupil Premium achieved grade 4 or above in Maths and<br>English. Up 7% from last year. Gap between PP and NPP for 4+<br>(and 5+) has reduced. |
| Attendance                                     | Attendance for disadvantaged students remains lower than the national average.  |
| Ebacc entry                                    | Increase in Year 11 Pupil premium studying the EBACC from 14% (2022) to 48% (2023).   |
