Regulation	Question	School response
1. The kinds of special educational needs and disabilities for which provision is made at the school	<i>What kinds of SEND do pupils have in your school?</i>	<p>Children are identified as having SEND when they have a significantly greater difficulty in learning than the majority of children the same age or have a disability which prevents or hinders them from making use of education facilities of a kind generally provided for children of the same age in schools within the area of the Local Authority (SEND Regulations 2014).</p> <p>Students at <i>Oasis Academy Sholing</i> have a range of difficulties including Communication and Interaction; Cognition and Learning; Social, Emotional and Mental Health difficulties, Autism Spectrum Conditions (ASC) and Sensory Impairments including Visual and Hearing and physical difficulties.</p>

<p>2. Information, in relation to mainstream schools about the school's policies for the identification and assessment of pupils with special educational needs and disabilities</p>	<p><i>How do you know if a pupil needs extra help?</i></p>	<p>When your child first joins Oasis Academy Sholing, we use information from a range of sources to help identify SEND and other needs. These include information from parents/carers; primary school teachers; end of key stage 2 levels; base line testing; Cognitive Ability Tests (CAT tests); literacy and numeracy tests; application form information; subject teachers; specialist colleagues and external agencies.</p> <p>Our class teachers, Heads of Department and Directors and Deputy Directors of Key Stages closely monitor the progress and attainment of all students, including those who have or may have SEND. The continuous monitoring of students during their time at Oasis Academy Sholing will further identify pupils with a special educational need. This identification may come from tutors, subject teachers, support colleagues, Heads of Year, outside agencies, parents/carers or the pupils themselves. If your child needs to be assessed, we would use a range of assessments depending on the area of need. If it is thought a family needs support, we have good working relationships with outside agencies and a referral can be made to them.</p> <p>We follow a staged and graduated approach to identifying and assessing needs, using the 'Assess, Plan, Do, Review' model. The triggers for intervention could be the teacher's, support colleague's or others concern, underpinned by evidence, about a pupil who, despite receiving differentiated learning opportunities, does not make expected progress.</p> <p>All students with SEND are on the SEND registers which are accessible to all staff. Staff use this information to inform their lesson planning, teaching and student learning activities. Targeted interventions are planned and delivered where appropriate. This may include small group or individual work across a broad range of activities.</p>

<p>3c. The school's approach to teaching pupils with special educational needs and disabilities</p>	<p><i>How do teachers help pupils with SEND?</i></p>	<p>Our teachers have high expectations of all students, including those with SEND. All teachers will be told about your child's individual needs and will adapt their lessons to meet these requirements. Teachers have experience and/or are trained in doing this. This may involve using different strategies, more practical/adaptation of resources and activities. This means your child can access the lessons fully.</p> <p>Within school there are a variety of staff roles to help us fully support your child. Where it is felt it is the right thing to do a student may be offered additional help and support, in which case you would be informed. There are a range of interventions and additional subject support which are available and should your child need this, it would be discussed with you.</p> <p>When your child is approaching the start of Key Stage 4, if we think it is needed, we will assess and apply for exam Access Arrangements according to the Joint Council for Qualifications exam regulations.</p>
<p>3d. How the school adapts the curriculum and learning environment for pupils with special educational needs</p>	<p><i>How will the curriculum be matched to my child's needs?</i></p> <p><i>How accessible is the school environment?</i></p>	<p>Most of our students follow a traditional curriculum, however a small number of learners have a more personalised curriculum to match their individual needs, interests and abilities. This may include option choices; additional literacy; nurture groups; intervention groups and number of qualifications studied.</p> <p>Our school is a safe and accessible building and we do our best to make it welcoming to the whole community. All safeguarding procedures and risk assessments are in place and adhered to by all staff. We have a range of different facilities to help SEND students throughout our school including a number of lifts to access all areas; disabled toilets; ramps; wide corridors and equipment to help with reading and writing.</p> <p>An Accessibility Plan is in place and available from our school website.</p>

<p>3e. Additional support for learning that is available to pupils with special educational needs</p>	<p><i>Is there additional support available to help pupils with SEND with their learning?</i></p> <p><i>How are the school's resources allocated and matched to children's special educational needs?</i></p> <p><i>How is the decision made about how much/what support my child will receive?</i></p>	<p>We have a wide range of staff to support pupils and address additional needs they may have, including pupils with SEND. This includes nurture group teachers; SENDCo; Inclusion Manager; Learning Support Assistants; Literacy Intervention; Pastoral Support and School ELSA.</p> <p>Resources are allocated based on evidence of need and effectiveness. Students with a Statement/EHCP have resources allocated as outlined in their statement or plan. Learning Support Assistants are allocated, where resources allow, to support students in lessons. Staff liaise closely with them to ensure maximum effectiveness. They have a huge range of skills to offer in supporting students directly and indirectly, assisting staff and helping parents/carers.</p> <p>Students with Statements/EHCPs will have targets and strategies set by the SENDCo. Annual Reviews involving the student, parents/carers, subject staff and other professionals evaluate those targets and strategies. The decision is based on evidence of need and impact.</p>

They are open to all students, including students with SEND. Details of these clubs are available on the school website.</p> <p>Additionally, we run a wide range of activities to support SEND students including, Homework Club, Lunch and Break Time support, Breakfast Club etc. We also run coursework/revision sessions for older students as and when required.</p> <p>The Extra-Curricular timetable is available on the schools website. We pride ourselves on providing a high level of student support and guidance. One way we support our students is by assigning them to a form tutor who will (in most cases) remain with them as they progress up the school.
