

7th September 2023

Dear parent,

Could you please thank your son/daughter for their focussed attitude this afternoon during a building evacuation.

This was caused by a fire alarm being triggered due to what we have been told was a power surge which caused a light to overheat.

The students were excellent in the evacuation and in the following period, where unfortunately the alarms were set off again by the same fault. As a result, we extended the lunch time and ensured that students were able to refill water bottles and keep cool.

The fire service who attended have given the all clear but we have made the decision to close the academy a little earlier tonight at 3.30pm rather than 4:00pm. This is to allow the electricians to work on the fault without fear of triggering another evacuation.

At present the school will re-open as normal tomorrow.

Kind regards

Martin Brown
Principal
